

Hi **{Decision Maker Name}**,

I am excited to share that tickets are now on sale for the [Made Right Conference](#), Revizto's premier event for AECO professionals, taking place February 23-25, 2026, at the Gaylord Pacific Resort & Convention Center in San Diego, CA. I would like to attend and represent our company.

Last year, professionals from companies like McCarthy, DPR, PCL, Mortenson, Jacobs, AECOM, EXP, Mott MacDonald, ArchKey, Cerris Systems, Murphy Company, HED, GWWO, and Mason & Hanger presented at the conference. This year, they are expecting 500+ attendees and speakers from across the globe to share their technology knowledge and thought leadership, as well as real-world case studies, and industry best practices. The event size is also intimate enough to enable networking with users and industry vendors, to learn new ways in which we can benefit from the platform and other tech.

Tickets cost \$1,200 and the last day to purchase is February 13, 2026 **{but between September 1, 2025 and October 31, 2025, I can save 30% with a \$840 Super Early Bird Rate / but between November 1, 2025 to December 31, 2025, I can save 20% with a \$960 Early Bird Rate}**. Tickets include access to:

- Technical and Strategic Breakout Sessions with global industry experts and Revizto's Customer Success Team.
- A Welcome Reception to establish connections with other users and industry leaders.
- A Keynote Speech from Revizto's CEO looking at the current and future state of Revizto.
- Access to Revizto's awards, for which we can submit a nomination for.
- The Exhibit Hall to meet Revizto partners and learn about new solutions we could explore in the future.
- Catering, with breakfast and lunch provided for two days, and dinner provided during the Revizto Party.

Additionally, given that all events will be in the Gaylord Pacific, we can take advantage of their [\\$309+/night discounted room rates](#) (before January 30, 2026) to minimize transportation costs.

I believe this will be an invaluable opportunity for me to connect with other Revizto users and gain more value from the software, sharing what I learn with the rest of the team on my return.

With that said, I am requesting approval to cover the cost of the event. Can we meet in the next few weeks to review my attendance requirements and ensure your expectations are met?

Sincerely,
{Name}
